

A Lion in the House

a film by Steven Bognar & Julia Reichert

NOTE TO TEACHERS: This part of the lesson will give an overview of some treatments and medications and their purpose. Hand out information sheet “Cancer Treatments, Procedures, and Medications:”

Cancer Treatments, Procedures and Medications

- Blood tests
- Scans (X-rays, CAT, or MRI)
- Catheter ports
- Chemotherapy
- Radiation therapy
- Bone marrow transplant
- Surgery
- Medications for nausea, etc.

Discuss briefly the purpose of treatments, procedures, and medications.

You can make a difference

“You know you are truly alive
when you are living among lions.”
— Isak Dinesen
